Education

B.Tech, Computer Science and Engineering

Dr. K.N. Modi Institute of Engineering & Technology (KNMIET), Ghaziabad, India

2017 – 2021 | Ghaziabad, India

PROFESSIONAL SUMMARY

Front-End Developer and Web Designer with 2+ years of experience building responsive, user-focused websites and eCommerce stores with HTML, CSS, JavaScript, jQuery, and modern CMS platforms including Shopify, Webflow, and WordPress. Combine clean, maintainable code with UI/UX design principles to deliver fast, accessible, conversion-oriented sites. Currently expanding component-based development skills in React.js.

PROFESSIONAL EXPERIENCE

Front-End Developer & Designer

LeaveCode Technologies

May 2023 – present | India, Delhi

- Designed and developed [20]+ custom, responsive websites for clients across [e.g. eCommerce, healthcare, and B2B services], writing clean, maintainable HTML, CSS, JavaScript, and jQuery aligned to client specifications.
- Built and launched eCommerce stores and conversion-focused landing pages on Shopify, Webflow, Go High Level, Elementor, Divi, and Wix, consistently delivering projects on or ahead of deadline.
- Customized Shopify themes, product pages, and checkout flows tailored to client branding, [contributing to a X% increase in conversions / reducing bounce rate by X%].
- Optimized site performance and on-page SEO, [improving page load times by X% and lifting organic traffic by X%].
- Partnered with project managers and cross-functional teams to gather requirements and ship scalable web solutions under tight deadlines.
- Applied UI/UX design principles to translate business goals into intuitive, accessible, and visually engaging interfaces.

SELECTED PROJECTS
